The 23rd June 1888.

No. 46.—The following Circular regarding the space to be left uncultivated below the bunds of tanks and channels is re-published for general information together with the rules recently framed on the subject for the guidance of Government Officers:—

(Circular Nos. 41 to 43, dated 6th June 1870, from the Under-Secretary to the Chief Commissioner of Mysore, Public Works Department, to the Superintendents of Divisions.)

"I am desired by the Chief Commissioner to inform you that the space to be left uncultivated below the bunds of tanks and channels has been reduced from 5 yards to 10 feet, and to request that you will issue the necessary orders to prohibit cultivation or the planting of hedges or other obstructions and the removal of the latter where already planted within the limit. When distributing channels run parallel with the bund and close below it, the outer toe of their bunds may be conveniently placed so as to form the line of demarcation, which the ryots are to be forbidden to encroach upon under pain of being fined or otherwise punished."

Rules.

I. In Taluks settled subsequent to the issue of the orders of 6th June 1870, the prohibition of cultivation within 10 feet clear from the base of tank bunds should be strictly enforced. Any individual cases in such Taluks in which survey boundary marks have been placed within the 10 feet margin above referred to, should at once be ascertained by the Deputy Commissioner and reported to the Superintendent of Revenue Survey in view to the necessary rectification being made.

II. In Taluks settled previous to the issue of the orders of 6th June 1870—

(*a*) all survey boundary marks erected on the tops or slopes of tank bunds should at once be removed. The only exception to this general rule would be in the case of bunds of totally ruined and disused tanks, not likely to be repaired and made useful for irrigation purposes in future,

(*b*) the boundary marks to be removed from tank bunds under the last preceding clause should be placed clear of the base of the bund, and at such a distance therefrom not exceeding 10 feet as may be absolutely necessary,

(*c*) the area of an occupied survey number which is resumed by Government by the above alteration of boundary marks should, when under actual cultivation, or when the same has been assessed, be acquired by the payment of reasonable compensation. When such area is included kharab and has not been brought under cultivation, no compensation shall be payable therefor.

NOTIFICATIONS.

The 23rd June 1888.

No. 46.—The following Circular regarding the space to be left uncultivated below the bunds of tanks and channels is re-published for general information together with the rules recently framed on the subject for the guidance of Government Officers :—

(Circular Nos. 41 to 43, dated 6th June 1870, from the Under-Secretary to the Chief Commissioner of Mysore, Public Works Department, to the Superintendents of Divisions.)

"I am desired by the Chief Commissioner to inform you that the space to be left uncultivated below the bunds of tanks and channels has been reduced from 5 yards to 10 feet, and to request that you will issue the necessary orders to prohibit cultivation or the planting of hedges or other obstructions and the removal of the latter where already planted within the limit. When distributing channels run parallel with the bund and close below it, the outer toe of their bunds may be conveniently placed so as to form the line of demarcation, which the ryots are to be forbidden to encroach upon under pain of being fined or otherwise punished."

Rules.

I. In Taluks settled subsequent to the issue of the orders of 6th June 1870, the prohibition of cultivation within 10 feet clear from the base of tank bunds should be strictly enforced. Any individual cases in such Taluks in which survey boundary marks have been placed within the 10 feet margin above referred to, should at once be ascertained by the Deputy Commissioner and reported to the Superintendent of Revenue Survey in view to the necessary rectification being made.

II. In Taluks settled previous to the issue of the orders of 6th June 1870—

(*a*) all survey boundary marks erected on the tops or slopes of tank bunds should at once be removed. The only exception to this general rule would be in the case of bunds of totally ruined and disused tanks, not likely to be repaired and made useful for irrigation purposes in future,

(*b*) the boundary marks to be removed from tank bunds under the last preceding clause should be placed clear of the base of the bund, and at such a distance therefrom not exceeding 10 feet as may be absolutely necessary.

(*c*) the area of an occupied survey number which is resumed by Government by the above alteration of boundary marks should, when under actual cultivation, or when the same has been assessed, be acquired by the payment of reasonable compensation. When such area is included kharab and has not been brought under cultivation, no compensation shall be payable therefor.

The sale will commence at 11 A. M. on the date specified, and the village will be knocked down to the highest bidder without reserve.

IV. Disposal of tenders for the contract of cocoanut produce in the City of Bangalore for a period of 3 years.

Resolution.—The following tenders were received:—

The highest tender for Rs. 75 per annum by Khaza Miya Sahib for a period of 3 years be accepted; and the necessary mutchalika taken.

V. Memo No. 2737—248, dated 19th July 1888, from the Chief Secretary to the Dewan of Mysore, forwarding copies of correspondence relating to Girdlestone ward for incurable paupers.

Resolved.—That the Vice-President and Amildar be requested to arrange for the reception of such of the inmates of the Girdlestone ward as belong to the Town and Province as soon as the Honorary Secretary, Friend-in-need Society, wishes to hand them over.

2. The Commissioners at the same time beg to point out that the present proposal to establish a separate ward for the incurable paupers in the Town is in conformity with their first resolution on the subject dated 30th October 1885 (a copy of which had been forwarded to the Assistant Resident with a covering letter No. 439, dated 4th November 1885); in which it was distinctly recorded that the contribution sanctioned by the City Board to the Girdlestone ward would be withdrawn, "should it be found necessary hereafter to establish a separate institution in the Town, owing to any increase in the number of incurables." The circumstances then foreseen having since arisen, the City Board now desires to establish a separate ward within its own limits.

3. That with reference to the last para of the Honorary Secretary's letter regarding the destitute poor receiving out-door relief from the Friend-in-need Society, the Commissioners further beg to point out that the contribution sanctioned by this Board was given solely for the Girdlestone ward, and had no connection with the other charities of the Society such as, Poor house, &c., which are of a more general nature, and for which no contribution was ever made by this Municipality.

1. Read accounts of Municipal receipts and expenditure for the month of July 1888. As will be seen from the statement given below, there has been a net decrease of Rs. 50—10—4½ as compared with the realizations under "Octroi" for the same month last year. This is due to a fall in the imports owing to heavy rains.

	Total....	284	11	5	234	1	½	7	3	0	57	13	4½

Net Decrease 50—10—4½.

2. Read Anche Bakshi's Yadi No. 33, dated 23rd July 1888, to the address of the Deputy Commissioner, Shimoga, stating that the Anche officials at Shimoga will be directed to vacate the present Anche office building for the use of the Municipal School if the building which is now used as Sayer Katte and which was formerly the Anche office were made over to them.

Resolved that the Sayer Katte cannot be removed from the present place as there is no other suitable locality for the purpose. The Board considers that the building in the centre of the Main Bazaar street now used as Police School may be given for the Anche office and it is well suited for the purpose. The Police School may be removed to the eastern portion of the Town Police Head Station House.

3. Read docket No. 92 of the 8th August 1888, from the Vice-President of the Bangalore City Municipal Board, anent the management of the internal details of the Municipal School.

Resolved that the above docket be recorded.

4. Read docket No. 17, dated 6th July 1888, from the Police Assistant Commissioner, together with a bill for Rs. 5—0—0 from Mr. Smith, being the charge for cleaning and repairing the clock in the Town Police Station and a memo for Rs. 5—0—0 for a deal wood case with a glass front for securing the said clock from exposure and requesting sanction for the same.

Resolved that as these items are not provided for in the current Budget and no funds are available they cannot be separately sanctioned, but the Board have no objection to these amounts being paid for out of the head "Police Contingencies" or "the repair and purchase of furniture" provided for in the above Budget.

5. Read statement showing the work done to the Municipality by convicts during the month of July 1888.

Recorded.

6. The meeting unanimously resolved that a detailed account showing receipts and balance of Municipal tools and plant be placed in future for inspection before every meeting of the Board.

7. Read the detailed list of expenditure incurred during the out-break of cholera in Shimoga in 1887. Out of Rs. 2,500 sanctioned by Government in Dewan's Proceedings No. 1418—19, dated 8th October 1887, a sum of Rs. 2,240 has been expended as per particulars given in the list.

Resolved that the charges be accepted and the list submitted to Government for information.

8. Read Shimoga Amildar's report No. 32, dated 1st June 1888, anent applications of Mr. T. Bhima Rao and Musa Sahib for lands bearing Survey Nos. 17 and 18.

Resolved that the lands cannot be given out as they are in close proximity to the Maharaja's Park and the Municipality may be in need of them at any time hereafter. The applications be rejected.

9. Read Shimoga Amildar's report No. 381, dated 21st February 1888, in connection with the grant of building sites by the side of Durgammadevaru temple.

The 14 building sites near the plain of Durgamma's temple were set apart some 8 or 9 years ago for Catholic Christians at the rate of six pies per square yard, *vide* Resolution No. 8 of the Board Proceedings dated 29th October 1879. Out of these, 8 have already been given to the above Christians and 3 more, for which applications from the above community are pending, will be given out.

Now, there remain 3 sites referred to in plan Nos. 5, 6 and 7, about which the Devotees of Durgamma state that the above sites are very close to the above temple and that if this place were to be given out either to the Christians or to others to build houses upon, the backyards and latrines of such houses would come by the side of the temple thereby causing annoyance to the worshippers in the temple and would interfere with samárádhana at the time of car festivals at Horabid, &c., and pray that the sites be reserved for the temple itself and say that they are prepared to pay the value of the site.

As the Board considers the request to be reasonable and as the Christian residents present have agreed before the Board to the retention of the lands by the temple, it is resolved that the above three sites be made over to the temple on condition of their being included in the temple compound and kept clean, and on payment of the price of the sites.

10. Read Shimoga Amildar's report No. 71, dated 6th August 1888, with its enclosures on the petitions of Patel Channavirappa and Setra Basappa praying to be allowed to collect the mohatarfa.

Resolved.—The Board see no reason to disturb the present arrangement.

11. The meeting find that much inconvenience is felt in the proper management of Municipal affairs in consequence of the non-receipt of orders on the following subjects, and it is respectfully solicited that the Government will be pleased to pass their orders at an early date to the references below specified and thereby enable the Board to carry out certain improvements which Shimoga is much in need of:—

(*a*) Introduction of Bye-laws submitted with the Board Proceedings dated 15th November 1884 or any other Regulations which the Government may be pleased to introduce in the Municipalities, *vide* Proceedings dated 31st May 1887.

II. Letter No. 2323, dated 23rd September 1888, from the Education Secretary to the Government of Mysore, forwarding an application together with plan from the Nazim of the aided Madrasai Mahammadiya for a building grant.

Resolution.—The Board, while recognizing the urgent necessity of repairing the school building, regrets there are no funds with which the Municipality could meet the charges; so would strongly recommend to Government that a grant-in-aid equal to half the estimated cost be given from Provincial or other Funds, as may be thought proper.

III. Application from Mr. P. Herman, residing in Cubbonpete, for opening a new road-way towards Alsur gate.

Resolution.—The Board, after due consideration, resolves that the opening of a new road-way as applied for, is deemed unnecessary, the application cannot therefore be complied with.

IV. Papers relating to the Fort conservancy, &c.

Resolution.—The Board sanctions as a temporary measure the continuance of the payment of the present conservancy and such other establishments as have been hitherto maintained by the Civil and Military Station Municipality in the Fort.

1. Read accounts of Municipal receipts and expenditure for the months of September and October 1888, showing under the head of Octroi receipts a net decrease of Rs. 176—14—8 and a net increase of Rs. 108—3—2 respectively chiefly in the item of "Cloth."

Resolved that the accounts be passed.

2. The Vice-President laid before the Meeting detailed statements of the estimated monthly receipts and expenditure of Municipal Funds from November 1888 to the end of March 1889. These statements show that the small balance of Rs. 635—9—0 now in hand added to the anticipated receipts of Rs. 7,443 up to the end of March 1881, makes a total of Rs. 8,078—9—0 which will not be sufficient to meet the establishment charges and the cost of incomplete works amounting to Rs. 9,316 up to the end of the same period.

The Meeting after full discussion resolved to request Government to favor the Municipality with a loan of Rs. 5,000 without interest repayable by instalments of Rs. 1,000 per year or even earlier if the condition of the finances of the Municipality admits of it.

3. Read letter No. 1011, dated the 22nd September 1888, from the Military Secretary, requesting to be informed what assessment will be levied on the houses in the Shimoga Barr Lines and whether it should be paid yearly or half-yearly.

Resolved that the houses in the Barr Lines be assessed on the same principle as that adopted in the case of other houses in the Town, *viz*, the value of the buildings and that the assessment be levied annually through the Military Secretary.

1. Read docket No. 362, dated 10th September 1888, from the Civil Surgeon, Shimoga, and para 4 of the above officer's Annual Report for 1887—88 on the work performed by Mrs. Dawson, the Municipal midwife of the Shimoga Town.

Resolved that 6 months be given to Mrs. Dawson in order to show better results in the discharge of her duty and to gain more popularity amongst the residents of the Town and that the Civil Surgeon be requested to give the Board his opinion on Mr. Dawson's services on the expiry of the above period.

2. The meeting are of opinion that the present site for the disposal of the night-soil is objectionable being on the windward side of the Town in low swampy ground, so situated as to allow filth to percolate into the river, the water of which the people drink. The sweepings of the Town are not deposited in a suitable place, the Board therefore resolve that a sub-committee consisting of the following gentlemen be formed to select more suitable sites for these purposes :—

The President or Vice-President.

Read Shimoga Amildar's itilla No. 86, dated 18th August 1888, anent the encroachment on land belonging to the Municipality by the side of the road in Nagappa street by one Batni Gopal Rao, in constructing his house. 1. Proceedings, dated 15th November 1884.
2. Do 31st May 1887.
3. Do 16th August 1888.

4. The situation of the present Muhammadan grave-yard in an open space close to the high road and exposed to the view of the houses situated in its vicinity is, in the Board's openion, very objectionable. The Board are therefore of opinion that it is desirable that the Musalmans should build a wall on the road-side and plant a good hedge on the other sides. On explaining the matter to the Khazi and other Muhammadans present, they said they would consult the Musalman community and report their views to the Board.

Resolved that the Vice-President do ascertain the wishes of the Muhammadan community on the subject and submit a report to the Board.

5. Doctor Choksi proposed that a Sanitary Inspector be appointed to attend to the sanitary condition of the Town generally and to test the quality of articles of food, &c., exposed for sale in the market.

Resolved that there is no necessity for a distinct appointment for this work, as the present Overseer who draws a salary of Rs. 25 a month and a horse allowance of Rs. 5 ought to be able to do it and must do it. The Vice-President and the Civil Surgeon were requested to draw up a set of rules for his guidance and it was resolved that the Overseer be ordered to keep a diary of the work done by him for presentation at each meeting.

The meeting adjourned till the 5th instant as there was no time to discuss the other subjects.

7. Read Shimoga Amildar's No. 112, dated 23rd September 1888, submitting a bill for Rs. 8 being the charge for preparing three plans and three estimates as detailed in the margin by Madurmuttu Pille, Draughtsman, Executive Engineer's Office, Shimoga Division.

Resolved that the above sum be paid from the Reserve fund.

9. Read letter No. 4570—116, dated 25th September 1888 from the Chief Secretary.

(*a*.) Stating that the liquor license fees which the Board applied for have since been abolished and that in lieu thereof a small cess of annas two per gallon has been levied from 1st April 1887.

(*b*.) Enquiring if any portion and if so, how much of the Kumbargundi project was executed out of the amount, *viz*., Rs. 10,401 sanctioned last year for sanitary works in the Town and what proposals the Board would now make for the completion of the above work and (*c*) with regard to the proposed abolition of octroi duty on some articles requesting to be furnished with a statement showing actual realizations during the past five years from such of the articles as are proposed to be exempted from duty.

With reference to (*a*), the Board considering the present financial condition of the Municipality, thinks that if the Government were pleased to sanction the allotment to the Municipality of the revenue realized according to the new scale both on Europe and country liquors, it would be of considerable help to the Municipality towards carrying out some necessary improvements in the Town.

As regards query (*b*) the Board beg to bring the following to the notice of Government.

Out of the works sanctioned last year as sanitary measures, only the marginally noted two works belong to Kumbargundi; of which the road works are nearly completed but the tunnel work has not yet been commenced. By the formation of these roads some portions of Kumbargundi have been filled up and places where nuisance used to be committed by the people at large have been converted into public roads.

		Rs.
(1.)	Opening new road through the backyards of the houses along the Main bazaar ...	1,000
(2.)	Extending the existing road in front of the Kumbargundi Matt and connecting the same with the Main bazaar street together with the construction of a tunnel across the road in Kumbargundi	1,500

Some more work remains to be done to this Kumbargundi which will have to be done in connection with the drainage scheme for the town, of which mention was made in Resolution No. 9, dated 30th December 1886. These projects require a large sum of money and professional skill for their elaboration and execution; the Municipality with its limited finances is unable to carry out these works and the Board therefore resolve to request the Government to entrust the same to the Department of Public Works or other special agency.

Regarding (*c*) the Board herewith submit a statement showing the actual realizations during the past 5 years from such of the articles as are proposed te be exempted from duty.

10. Read Dewan's Proceedings No. 468—76, dated 26th May 1888, and late Chief Commissioner's Nos. 2402—35 and 739—48, dated 6th July 1876 and 10th May 1880, regarding the levy of Municipal tax on Government buildings.

The building now occupied by the Deputy Commissioner appears from the records to have been private property up to Chitrabhanu 1882—83 and to have been taxed with Rs. 17 per annum by the Municipality. During the latter part of the year Chitrabhanu, it was purchased by the Government and the tax was remitted on the ground that it was Government property.

Resolved that this building be taxed from Sarvadhari 1888—89 according to the orders conveyed in the above Proceedings and also that a bill be forwarded to Government for the recovery of the arrears due from Sobhanu 1883—84 to Sarvajitu 1887—88.

11. A row of quarantine huts as per Civil Surgeon's suggestion have been constructed at a cost of Rs. 200 out of the town near the Distillery for the accommodation of travellers who pass from Districts where cholera is prevalent, such as Tirupati, &c., so as to prevent the introduction of the disease into the Town as far as possible.

Resolved that the Deputy Commissioner be requested to obtain the sanction of the Government to meet the above sum from the Local Funds, as the Municipality is not in a position to bear the above charge for want of funds.

1. For the improvement of the same, land measuring acres 3, guntas 9 has been purchased from one Nadig Ranga Rao for Rs. 120.

2. A plan of the Pettah with its adjoining places has been prepared.

3. Some new roads have been opened.

4. Out of the locality set apart for that Pettah, sites have been so apportioned as to enable persons wishing to build houses there, to build decent ones 20 sites have been already purchased by certain persons to erect houses, and some of the latter have commenced to sink wells in their sites with the view of building houses as soon as they have secured a good supply of water, while others who are unable to incur the cost of sinking wells are deterred from building houses on the sites secured by them. A well at the cost of the Municipality would remove this drawback.

The Board resolve that the Municipality do take this matter into consideration when funds are available.
